October Bible Verse

**"Sing to him a new song; skillfully play with joyful chant."
Psalm 33:3**

Dear Parents,

"Parenting in the Digital Generation" - Thank you Doctor Tom Curran for the informative and excellent presentation on Digital . Also thank you for the parishioners, RCIA members and school parents that attended. It is frightening and concerning on how social media, especially through phones, can have so many traps that pull in curious users. The positive of this presentation is Tom Curran gives several great ideas how to monitor and control access to your child's electronics. Doctor Tom Curran will give me a copy of his presentation and I will share that information with anyone interested. Also check out his ministry website <https://mycatholicfaith.org/>.

Thank you Women's Society! What a fantastic time at the Fall Frolic Scholarship Luncheon for the Holy Family School on Saturday. I agree that we all had a "whimsicality, a little Frivolity" fun time. The salad bar, desserts, and the talent show were super excellent. Thank you to the Women's Society for all their time and hard work putting this event together. Thanks to the support from table hosts and the creative table settings, Holy Family School 7th & 8th grade servers, Parent Club support, the Knights of Columbus escorts, and the fashion show participants.

Holy Family School is also thankful for the donation towards the school's Scholarship fund. Some expressed they still want to make a donation. You may drop off the donations at the school or parish offices. Any amount is well appreciated and makes a difference for several of our families.

Student of the Month - Qualities we invite our students to model are:

**November - Have knowledge of basic academic subjects and demonstrate the ability to problem solve and make independent decisions using reflective and critical thinking skills.
(Learning something new each day and use strategies to problem solve).**

May God bless you and your family,
Michele Corey Principal Holy Family School
